X-ray photograph shows position of mechanical pencil in chest of George Allen, 15, of Newark, N.J., who is pictured below. He fell and drove the pencil four inches into his body near his heart. In serious condition he is expected to recover.

### Commons Upholds Ruling From Chair On Defence Question

Commons voted yesterday afternoon in support of a ruling by Chairman Ross MacDonald in committee over a question dealing with the Canadian defense forces.

The chairman had ruled the question out of order and his decision was contested by Progressive Conservative members. In the formal vote, C.C.F. and Social Credit members voted with the Progressive Conservatives.

The division arose from a question asked in committee stage by Lt.-Col. Cecil Merritt, Q.C., Vancouver-Burrard, about the proposed reduction of Canada's defense forces.

Specifically, he asked whether the reduction had been recommended by the military chiefs of staff or had been dictated by the government's economy policy.

Defence Minister Claxton declined to answer the question, arguing it was not relevant to the clause under study and that if he did reply he would be left open to a whole series of questions on the defense program under this bill.

He felt questions should be asked at the proper time and under the proper measure if the time of the House was to be conserved.

Mr. MacDonald upheld the minister, observing that House rules stated the questions in committee must be "strictly relevant" to the clause under study.

### Hotel Swept By Fire

OGDENSBURG, N.Y. (AP) — About 150 persons fled to safety when a general alarm fire gutted the new Ogdensburg Hotel Thursday night, causing damage estimated unofficially at \$150,000. All guests escaped before firemen arrived.

## 3-Years Sentence On Morals Charge

David Stott, Vancouver, was sentenced to three years in the penitentiary by Magistrate Henry C. Hall in city police court today on a morals charge involving a 14-year-old girl to whom he pleaded guilty on Feb. 1.

In sentencing him, Magistrate Hall said he was being more lenient than he would have been had Stott not come forward and given evidence in the case.

The other men, Joseph Kong, Victoria Chinese, and Leslie Cresswell, Vancouver, have been committed for trial in higher court on similar charges.

## Get Quick Relief from NEURITIC Pain

482 Young St., Winnipeg. "The pain was sharp as a toothache and my knee was stiff, sore and swollen. After trying many things, I finally learned about T-R-C's. It was the best I ever had." — I. J. T-R-C.

Don't suffer from the torment of Neuritic Pain. Take Temperton's T-R-C's—and get quick relief like Mrs. Harrison. Specially made to relieve Neuritic, Rheumatic and Arthritic Pain—and stiffness—ten million T-R-C's are used yearly. Get T-R-C's today—50c, \$1. 1-28

## Expect 1947 Tourist Trade To Top Last Year's Record

While Victoria and the Island reaped a record-breaking harvest of tourist dollars last year, indications pointed to an even more lucrative travel business in 1947 as a result of improved ferry services. It was gathered from the report of George L. Warren, publicity commissioner, at the annual luncheon meeting of the Victoria and Island Publicity Bureau today.

The "Follow the Birds to Victoria" billboards, which have been proven good drawing card to lead tourists to Victoria, were all repainted and reconditioned. The property of the bureau, most of them are located in the states of Oregon and California.

The year 1946, Mr. Warren said in his annual directors' survey, was a period in which the turnover of tourist travel to B.C. surpassed expectations of even the most optimistic, the city and island enjoying a handsome share of the continent.

His statistical report showed 71,000 cars were transported to the Island in the first full post-war year, or almost 40 per cent more than the 51,872 record mark established in 1941. In 1945, a total of 45,894 cars were transported to the city and Island.

### BETTER FERRY SERVICES

Mr. Warren based his optimism of a still greater tourist travel here this year on the facts that the Puget Sound Navigation Company was in the process of constructing a new 100-car ferry to operate between Victoria, Seattle and Port Angeles this summer and that the B.C. Coast Service of the C.P.R. has announced resumption of the triangle service this summer with a reconditioned Princess Kathleen participating.

The ports of Victoria and Sidney handled 21,136 of the tourist vehicles coming to the Island.

British Columbia was third on the list of provinces doing the best 1946 tourist business. Ontario led the parade again by a large margin, Quebec in the runner-up position.

Canadian customs figures show that 106 tourists entered the Dominion last year, better than 600,000 more than in the previous 12 months.

Mr. Warren told of the way the Canadian government has been working to ease the difficulties of tourists in getting accommodation which the big influx in visitors taxed to the limit.

Tourist bureaus, transportation companies and auto clubs in the United States were told of the Victoria-Island bureau's willingness to avail itself to helping tourists find accommodation for their visitors here. The result was a deluge of telegrams from tourists wanting hotel and auto court reservations. When these two housing mediums were filled to capacity, the bureau staff secured accommodation for tourists in guest houses and in private homes.

"This action relieved the accommodation block last summer and the bureau received many compliments for the effective work done in this connection."

Mr. Warren said that due to a accommodation shortage last year, the Evergreen Playground Association, with which the bureau is identified, decided to only carry on a small advertising campaign.

### REVIVE ADVERTISING

This association is now making plans to expend \$27,000 for newspaper and magazine space early this year. It will be carried in the newspapers on the Pacific Coast, mostly in the state of California," the commissioner reported.

He said the local bureau had committed itself to spend \$2,000 in the campaign. Other cities in the association are Seattle and Tacoma in Washington and Vancouver in B.C.

Mr. Warren said the bureau suffered a great loss last year through the passing of Phil Raymond, a member of the staff of the bureau for over 15 years.

Mr. Warren listed his own travels and the journeys of the contact man in the interests of promotion of tourist travel here, reported publication of 75,000 blue folders giving information on the city and Island centres and

## Chamber Seeks To Help Older War Veterans Get Jobs

The Victoria Chamber of Commerce took official steps today in an effort to secure employment locally for older war veterans in a co-operation move with the Dominion Government.

To all chamber members who are in the category of employers has been mailed a list of the types of work being sought by 335 veteran applicants between the ages of 55 and 65 accompanied with an appeal "to assist us in our endeavour to place some of these ex-service unemployed back into employment."

"Veterans over 55 years of age find it very hard to get steady work or work at all and it is our belief there are many jobs that do not require the efforts of a young man. Some are definitely sedentary, some semi-sedentary and some are merely of a more light type and are within the compass of an older man who is healthy," the chamber letter says.

The Dominion Government figures on older unemployed veterans in the Greater Victoria area shows 105 jobless in the 55 age group, 38 between 55 and 59 years, 75 between 60 and 64 years and 117 who are 65 years old.

The government list shows that these applicants are applying for jobs that take in almost every phase of the labor field.

## Jaunty Caps Out For City Police

Commissioner Burges J. Gadsden was taken to task by Mayor Percy George at Thursday afternoon's meeting of the Police Commission over the question of the new head-gear for city police men.

It was agreed at an earlier meeting that the bobby helmet would be replaced by a flat hat, similar to that worn now by patrol drivers and prowler car officers.

At Thursday's meeting, Gadsden re-introduced the subject stating that he feared criticism of the new hat because policemen might not wear it properly.

"I'd hate to see our men wearing their hats at all angles like you see in the United States," he said.

The contract for the building of the terminal facilities on the dock has not yet been let but is now out for tender. It is estimated that completion of the dock and terminal will result in expenditure of \$150,000.

Construction of the new \$2,000,000 Black Ball ferry at Todd Shipyards, Seattle, is well advanced and ahead of schedule and it is expected the ferry will be put in service at the same time the new dock is completed here.

The expenditure undertaken by the company at Victoria is further the evidence of the company's faith in the development of Victoria as a tourist centre, and in the growth of the tourist business on Vancouver Island, Captain Peabody said.

"This action relieved the accomodation block last summer and the bureau received many compliments for the effective work done in this connection."

Mr. Warren said that due to a accommodation shortage last year, the Evergreen Playground Association, with which the bureau is identified, decided to only carry on a small advertising campaign.

### PASSED MUSIC EXAMS

The Associated Board of the Royal Schools of Music announces names of successful candidates on Vancouver Island for examination written in December as follows:

HARMONY

Grade 3 (Transitional) — Do-roles T. Mauro.

Grade 2 (Elementary) — Jean Nielsen.

Grade 1 (Primary) — Dorcas Chan.

RUDIMENTS

Stage 3 (Three) — Muriel G. Curry, Ian Douglas Glenday, Zoya Kennaugh, Lillian K. Knox and Frances J. Smith.

Stage 2 (Two) — Elmer G. Cox, Ruth W. P. Hemsworth and Patricia R. E. Sinnott.

Stage 1 (One) — James I. Wallace.

COMPLETED EXAMINATIONS

Grade 8 (Final) — Lillian K. Knox (Violin) (pass with credit), and Zoya Kennaugh (Piano forte).

Grade 6 (Intermediate) — Ian Douglas Glenday (Pianoforte) (distinction).

ALBERNI

RUDIMENTS

Stage 1 (One) — Helen A. Williamson.

NANAIMO

### Counterfeit Coin Warning Issued

Police warned today of a possible outbreak in the city of counterfeit coin passing.

A shiny 50-cent piece paid to a downtown cigar store proprietor was found to be counterfeit this morning, and belief was expressed that more of the phony money would turn up.

It is the first time in several years that new counterfeit money has made an appearance in Victoria.

# End Of Britain's Power Crisis May Be In Sight But Gas Cuts Possible

LONDON (CP)—Prime Minister Attlee and his "coal cabinet" sought today to fix an approximate date for ending the industrial shutdown in Britain.

The coal cabinet conference was the first indication for the island's 49,000,000 browned-out and shivering inhabitants that the end of the fuel crisis might be in sight.

As drastic electricity restrictions were maintained into the fifth day, government sources said the return to normal might be gradual. A source close to the Prime Minister's office said an important statement on the situation probably would be issued tonight.

However, with only slight gains registered in coal stocks at power stations, the British Gas Council warned the country's 1,100 gas plants to be ready to shut off gas supplies to non-essential industries.

Government sources said that in gradual relaxation of restrictions some industries at first might be given 50 per cent of their normal power needs, enough to restore to at least part-time employment some of the workers left idle in the crisis. The Board of Trade has estimated that from 5,000,000 to 6,000,000 were unemployed thus far.

#### ON DIFFERENT DATES

It also seemed likely that some industrial areas where coal stocks were not so dangerously low would be able to resume full production before others. London, remote from the coal fields, may be one of the last areas to have the power restrictions removed for 24 hours lasting several days.

The special nine-man cabinet headed by Mr. Attlee scheduled a meeting with gas company executives today to discuss the problem.

The London Daily Herald proclaimed in front-page headlines that a gas cut was likely in a few days.

As Britain fought on in the bitter weather which showed no sign of immediate abatement, "a small improvement in the general situation" was reported by Prime Minister Attlee's "war cabinet" Thursday night. Lending to the optimism was the report that 78,000 tons of coal had been shipped in the last 24 hours to power cities, and the news that weather-beaten colliers, bucking southward from the Tyne, were finding the going somewhat easier.

The figures for Thursday's

#### Change Conditions Of Buffalo Hunt In Wyoming

RAWLINS, Wyo. (AP)—Cries of "brutality" aimed at Wyoming's first one-shot buffalo hunt resulted today in a last-minute rule change which the assembled archers declared would guarantee "clean kills" of the three bulls slated for bow-and-arrow deaths.

Under the original rules, the archers, armed with 60-pound bows and standard broad-head arrows, would have lined up at 75 yards distance and fired one shot each until the bulls were brought down.

At a mass meeting Thursday

night, called in response to newspaper charges that the hunt would be "nothing short of murder," the archers voted to stalk the bulls and fire at point-blank range if possible to assure quick executions.

Ed Hunter of Denver told the archers: "I don't know if the killing of these buffaloes is 'sportsmanship' to the soft-hearted sisters of the sports pages who have been yelling about it. I think it's just as humane as watching a couple of prize fighters beat each other's brains in the ring."

Hunters and other sportsmen declared the 60-pound bow would kill a buffalo as neatly as a high-powered rifle.

Under the original rules, the archers, armed with 60-pound bows and standard broad-head arrows, would have lined up at 75 yards distance and fired one shot each until the bulls were brought down.

At a mass meeting Thursday

#### Seek Tenant For Grain Elevator

The Lands, Zoning and Housing Committee is continuing its efforts to find a tenant for Victoria's grain elevator, Ald. R. A. Dewar, chairman, reported after meeting Thursday.

M. K. Crockett, city lands commissioner, will go to Vancouver next week to see if some grain interests can be induced to ship grain to Victoria.

Rumors have been heard, Ald. Dewar said, that all the grain elevators on the mainland are full and grain cars cannot be unloaded because there is no place to put their cargo. "If this is the case, there is no excuse for our elevator remaining idle," he pointed out.

Mr. Crockett will make full inquiries into the situation while in Vancouver. The elevator has been repaired and grain could be put in it immediately.

#### 4 Albertans Die In Plane Crash

COLEMAN, Alta. (CP)—Four men were killed here today when an airplane crashed near the airport at this Crow's Nest Pass town near the B.C.-Alberta boundary. Three of the victims were Verne Kraemer, Stanley Moseley and Leo Spohn. The name of the fourth man was not known immediately. It is believed all four were officials of the Fred Mannix Construction Co.

### 150 Taken From Ship Grounded At Bella Bella

VANCOUVER (CP)—Rescue ships, after battling through a southeasterly gale, early today removed 150 passengers and crew members from the S.S. North Sea, aground on Middle Reef near Bella Bella, B.C., 300 miles north of Vancouver.

In a pounding sea, the 3,133-ton ship struck the reef in Seaford Channel on the inside route to Alaska late Thursday night.

The rescued persons were taken to the fishing village of Bella Bella, where some were housed in the hospital for the night and others given shelter in private homes. Two stretcher cases, sick passengers en route to hospital at Seattle, were among those rescued.

#### ON WAY TO SEATTLE

The North Sea, bound for Seattle from Ketchikan, Alaska, was reported resting easily, but her hull was damaged and the No. 2 hold was full of water.

Eighty-six passengers were aboard the vessel, operated by the Northland Transportation Company of Seattle.

Capt. Charles Graham sent out an SOS at 9:45 p.m., the call being relayed by the government wireless station at Bull Harbor. It was answered by fishing boats. The Dominion fisheries vessel Chico post took off 45; the seiner North Isle 38, mostly women and children, and smaller craft rescued the others.

The Canadian National Steamships S.S. Prince Rupert is due at Bella Bella during the morning and was scheduled to arrive in Seattle Saturday.

The North Sea left Ketchikan

## WORLD POLICE FORCE

UNTIL THE UNITED NATIONS HAVE established an international military force as a tangible working agency for the enforcement of peace, this assembly of 55 countries has failed to implement the Charter it drafted at the conference in San Francisco in 1945. As long as the creation of this world police force remains little more than a recommendation on paper in the files of the Security Council, and a debating point, the latest and possibly last coalition of nations formed to protect the world from self destruction lacks the vital machinery through want of which the old League of Nations became impotent. The Security Council, without physical power to deal with an aggressor, remains largely an instrument for the molding of public opinion. Important as that function may be, it is inadequate to accomplish the purpose for which it was created.

It is natural that internationally-famous generals and admirals should be censored for their failure to report progress on the organization of the agency for the drafting of which they were made responsible. Nor will the public be very deeply impressed by their arguments that the committee has been forced to skirt every question of importance because of political implications. The peoples of the world want peace. They appreciate the need of an international constabulary to see that potential violators are held in check. And they want action, not controversy, in the provision of the necessary force.

Sir Alexander Cadogan, British Council delegate, places the blame on Russia, and Mr. Andrei Gromyko, Soviet Deputy Foreign Minister, charges Britain with failure to get on with the job. But these are merely forensic considerations. Humanity demands the production of a specific safeguard—an agency capable of bringing men and machinery to the business of quelling any power which threatens to plunge the world into a conflict again. The man in the street notes the promise given to him of such a police force. In its absence, he wants to know what advances have been made toward its creation.

Of course, there are considerations which make the creation of such a force impossible. But to peace-loving peoples those differences which exist are secondary to the will to avert war. For that reason they will wait with patience for the report ordered from the military staff committee by April 30. They are entitled to encouraging news by that date. If it is not forthcoming, the peoples of the world will be excused serious disillusion in the instrument to which they looked with hope. Nor can they expect much more than relatively incomprehensible technicalities from disarmament or arms limitation negotiations that have been initiated.

## GET THE BILLS OUT

B RITISH COLUMBIA'S TAXPAYERS will be glad to learn that Mr. Harold Winch, leader of the C.C.F. opposition in the Legislature, is fairly well pleased with the improved lighting arrangements in the provincial chamber. Few of the members expected the loud-speaker system would appeal to one who takes his political histronics so seriously as the handsome young representative from Vancouver-East; his voice "carries" easily. And he managed to entertain the House for an hour and three-quarters with his concept of the Speech from the Throne. He spoke well—as he always does—and did the requisite amount of viewing with alarm which his followers expected of him. He said nothing which need seriously disturb the government. His general observations that served to differentiate between his own political philosophy and that to which the majority of the people of British Columbia subscribe were patterned to a large extent on his addresses of other years.

What the electors of the province will expect of the members of the Legislature at this vitally-important session, on the other hand, is less froth and more thought. For anybody who has digested the Speech from the Throne in all its lengthy detail will realize how much practical discussion will be necessary before the various proposals referred to in that document can be reduced to statute law. Nobody suggests that debate be stifled or unduly curbed; this is the only time in the year when the elected representatives of the people have an opportunity to air their problems in the provincial forum. But it ought to be possible for most members to say all they desire to say in half an hour or less. Cabinet ministers, and the Leader of the Opposition, of course, are entitled to take more time for the development of their own particular arguments.

It should be safe to assume, however, that the government has its legislation fairly well advanced, that the present debate will be concluded by the end of next week, and that the most important bills will be discussed before the members begin to show signs of weariness. What should be avoided at all costs is delay in the introduction of those measures on which much controversy obviously will centre. It is neither fair to the House, to the public, nor

in the interests of the government itself to leave the final disposition of such business until midnight or the small hours of the morning in the waning days of the session.

## GRACIOUS GESTURE

SORELY-PRESSED BRITONS WILL APPRECIATE to the full Mr. Truman's promise that the United States is ready to do everything within her power to relieve their present plight. The chief executive's announcement in Washington yesterday that it might be possible to divert several colliers at sea in the vicinity of the British Isles was a gracious gesture—a practical prologue to the inauguration of "Brotherhood Week" in the neighboring Republic.

Although the President had received no appeal for assistance from the government at Westminster—it was not likely that he would—his action will win the approval of his compatriots. Green in the memories of most of them is the manner in which the people of the "tight little isle" stood firm against the common enemy during those grim months of 1940 and 1941.

What would have happened to the free world if those valiant folk had not been vigilant, night and day, as they manned the last rampart of democracy in Europe, is a question for the historian to answer when he can view the events of those days in proper perspective. In the meantime, however, British peoples everywhere will couple their thanks to Mr. Truman with the hope that conditions in Britain will improve before more serious consequences ensue.

## MAKING PROGRESS

MACHINERY TO SET UP A BASIC program of world-wide "conventional" arms limitation is proposed by the Security Council of the United Nations. The decision was taken at its meeting at Lake Success yesterday. Ten voted in favor of the plan. None opposed it. The delegate from the Soviet Union abstained. But it is noteworthy that Mr. Gromyko declined to invoke the big-power veto, which would have nullified the proposal.

The final test came yesterday on the controversial paragraph of the United States demand that any arms commission created by the Council would not be permitted to trespass in the field in which the Atomic Energy Commission will conduct its operations. The following are the major terms of reference to which all the members agreed with the exception of Russia.

If THIS CRISIS IS NOT prevented, it will almost certainly produce a radical change in the internal life of the British Isles and, at the same time, a forced and disorderly liquidation of so many British external commitments that the whole situation in Europe, Africa and Asia will become inordinately difficult.

Thus the collapse of the British attempt to formulate plans for the reduction and regulation of armaments recommended by General Assembly resolutions "in so far as these resolutions relate to armaments within the new commission's jurisdiction."

Those matters which fall within the jurisdiction of the Atomic Commission shall be excluded from the jurisdiction of the new commission.

4. The title of the commission shall be the Commission for Conventional Armaments.

Regardless of the controversy which has raged over the rooted objection of the United States member of the Security Council to mixing the control of atomic energy with any plan for the process of "conventional" arms reduction, the action taken at Lake Success yesterday obviously is a step in the right direction. Nobody expects either of the great powers to embark upon unilateral procedure; and there is nothing extraordinary in the attitude of the United States toward what she regards as a monopoly of the "know-how" in respect of the atomic bomb. But if sensible progress can be made in the reduction of armaments—"conventional" or otherwise—the harassed taxpayers of many nations will benefit much more drastic government compulsion is sure to be necessary, and it will be applied.

THE ABANDONMENT of the British type of free, moderate and gradual socialism will force western Europe to abandon it also. This may not mean the acceptance of the Communist method. It is more likely to mean that the middle parties will become submerged, and that there will ensue a fierce struggle between the extremists of the Right and the extremists of the Left.

Thus the collapse of the British attempt at post-war reconstruction is not inconceivable. It is even probable, if heroic measures are not taken in time.

Already the financial and economic deficit is so severe that the British government is not able to participate as an equal partner in a constructive settlement. It is driven by its immediate difficulties and it is compelled to resort to all manner of expedients to tide over immediate emergencies.

THUS THE COMPELLING consideration in its German policy is the fact that the British zone, though the richest part of Europe, is for the time being a financial liability which causes a heavy drain upon Britain's dwindling supply of dollars. Unless some way can be found to relieve the financial squeeze, the British government will not be able to afford the luxury of a statesmanlike reconstruction of Germany and of Europe.

In the critical area of the Mediterranean and the Middle East, the British imperial position lacks the necessary reserves of military force and of money to support it. Military power requires men, and the British are desperately short of manpower; empire, at least in the modern world, requires a surplus of capital which can be exported by the mother country to the dependent countries. But, owing to the war, the British Isles are in an unprecedented situation for a modern empire. They are deeply in debt to their own great dependencies.

ACKING THE MILITARY and financial means to maintain a solvent empire, and to develop it, and to raise the standard of life of the native population, the British are driven to expedients, entangling alliances with native oligarchies and to bring about a transfusion of American power, based on American "fear of Soviet Russia," American quest for oil and an unconsidered half-baked American form of imperialism.

NOTES

Another explanation of foreign news is that the government has its legislation fairly well advanced, that the present debate will be concluded by the end of next week, and that the most important bills will be discussed before the members begin to show signs of weariness. What should be avoided at all costs is delay in the introduction of those measures on which much controversy obviously will centre. It is neither fair to the House, to the public, nor

# Walter Lippmann

## THE BRITISH PROBLEM

IT IS NOT A BIT too early to begin facing up to the fact that in the United Kingdom and in the Empire the post-war difficulties are appearing faster than solutions can be found and applied. A crisis of great dimensions is manifestly in the making which, if it were allowed to run its course, could shake the world, and make the United States' own position highly vulnerable and precariously isolated.

There is no mistaking the signs which are the warning of that crisis. They are that the Canadian and American credits, which were intended to last until at least 1951, are not going to be sufficient to see the British through the period of reconstruction in the British Isles and of liquidation and reorganization in the vast regions of their imperial commitments in the Mediterranean and southern Asia. The Canadian credit, it is now indicated, will be used up within a year; the American within two years.

Thus, not later than 1948, while the U.S. is preoccupied with a Presidential election, the issue will probably be posed as to what America can do to prevent the British crisis, or what she will do if she does not.

THE TASK WHICH THE peoples in the British Isles have had to set themselves is beyond anything which a free people has ever attempted in time of peace. They are trying to earn enough to maintain an austere standard of life at home and to support their far-flung commitments abroad. To make themselves solvent in this sense, they need to produce and sell for export abroad 175 per cent of what they exported in 1938. They are trying to do this with free labor, that is to say without the compulsion of war time or of a totalitarian state. They are asking this extraordinary effort from a people who are tired from the immense strain of the war.

Moreover, they are being asked to do all this in a great hurry—that is to say before the Canadian and American credits are used up. The time is too short. The margin on which they are operating is too thin. The plain truth is, that they needed more time and more help, and if they do not get them, the position in the United Kingdom and in the Empire will in a year or so be critical.

IF THIS CRISIS IS NOT prevented, it will almost certainly produce a radical change in the internal life of the British Isles and, at the same time, a forced and disorderly liquidation of so many British external commitments that the whole situation in Europe, Africa and Asia will become inordinately difficult.

An 11-nation commission would be created immediately to formulate plans for the reduction and regulation of armaments recommended by General Assembly resolutions "in so far as these resolutions relate to armaments within the new commission's jurisdiction."

Those matters which fall within the jurisdiction of the Atomic Commission shall be excluded from the jurisdiction of the new commission.

4. The title of the commission shall be the Commission for Conventional Armaments.

Regardless of the controversy which has raged over the rooted objection of the United States member of the Security Council to mixing the control of atomic energy with any plan for the process of "conventional" arms reduction, the action taken at Lake Success yesterday obviously is a step in the right direction. ### PLEASANT SURPRISE?

Ottawa Journal  
The Minister of Finance, asked in Toronto about the possibility of tax reductions, said the element of surprise was "as valuable in politics as it is in war" and, he added, "I want my announcement, when it comes, to be a surprise and a pleasant one." . . . Mr. Abbott, if he cuts taxes and wants the people to be pleasantly impressed—after all, every year brings a general election that much nearer—will make his reductions effective at once.

## Ultra-Modern Schooner Cafe Has Nautical Atmosphere

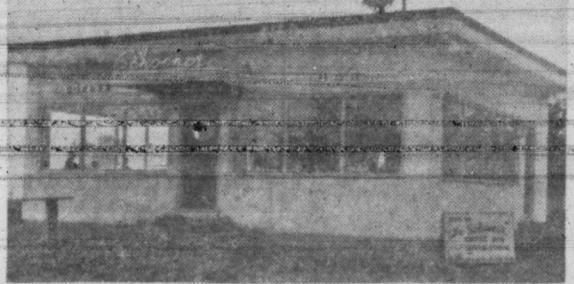

Efforts of a year's work are well as Neon signs over the rounded edges have been made by MacLeod, with the opening of "The Schooner Coffee Bar and Service Station", on Admirals Road, by the main entrance to H.M.C.S. Naden.

The coffee bar is ultra-modern in design and fixtures. In keeping with the nautical atmosphere the ceiling of its interior is lighted with neon in a ship's design. Port and starboard lanterns light up the entrance as

### LARGE WINDOWS

The many large windows give one the feeling of utter relaxation and at the same time a vista of the sea.

"The Schooner" will appeal

The Schooner is located near the gates of H.M.C.S. Naden and close to the bus stop.

to those people of discriminating taste for good food served in an attractive setting. The Schooner

will specialize in sea food, namely fried oysters, clam chowder, and crab when available. Sandwiches, pies, ice-cream sundaes, and milk shakes will be on the short order list. Breakfast and light meals will also be served at the Schooner.

In a meticulous kitchen, open to the public and air-conditioned, is sufficient equipment to provide for efficient and speedy service. The back-bar is gleaming monel metal.

### LARGE PARKING LOT

A large parking lot adjoining "The Schooner" will provide a "drive-in" and curb service feature at a later date. "The Schooner" will appeal to tourists, anticipating its widely-heralded sea-food.

### SERVICE STATION

"The Schooner" Service Station is well equipped to handle all lubrication, tire and battery and minor repair jobs. The friendly

## Personal Notes

**Mr. and Mrs. J. Hartman**  
Carey Read, have as their guest their daughter, Mrs. A. Redfern of Vancouver. Mr. Redfern will join his wife over the weekend and they will return home Sunday.

Honoring Miss Ruth Ferris, whose marriage will take place tonight, Mrs. E. Erb, 931 Madison Street, entertained recently with a shower. The principal and her mother, Mrs. C. Ferris, and mother of the groom-elect, Mrs. L. Brain, were presented with corsage bouquets. A silver tray, sugar and cream, was presented to the honor guest, by Miss Dorothy Brain on behalf of the assembled guests. Others present were Mesdames T. Welch, J. Welch, J. B. Dawson, A. Corry, G. Streeter, D. Hood, Peck, J. Shiffett, Scoular, J. L. Ward, and Misses Doreen Hunter, Dorothy Jackson and Beryl Coates.

Prior to her departure for Campbell River, Mrs. Marian Smith was the guest of honor when her friends entertained at a dinner and social evening in View Royal Community Hall. The honor guest was presented with a corsage bouquet of carnations. A bowl of pink carnations flanked by pink tapers centred the table and covers were laid for 65. A presentation of a floral picture was made to Mrs. Smith by Canon G. Greenhalgh. Hostesses were Mesdames C. Martinian, R. Pullen, J. Lockie, B. Duval, A. McGillivray, P. Foreman, E. Shirley, M. Pope Jr., F. Mannix and S. Slack.

### Honored By Parents At Valentine Dance Tonight

Looking like a bouquet of gay spring flowers, the Misses Joan Challoner, Marilyn Olson and Corinne Moore, are pictured above, left to right, as they will meet their guests tonight.

Invitations have been issued by Mrs. F. E. W. Robinson, 1222 Pandora Avenue, was hostess Wednesday evening at a kitchen shower given in honor of Miss Molle McCaskill, a bride-elect of this month. Corsage bouquets of white gardenias and pink carnations were presented to the guest of honor, her mother, and the mother of the groom-elect. The gifts were concealed in a large container decorated in the Valentine theme, the winners being Mrs. L. Davis, Mrs. T. Semmens and Miss Nina McClement. Other guests were Mesdames A. W. McCaskill, F. B. Robinson, D. Lawton, G. B. Olson, H. Cliff, N. J. Williams, B. England, L. Elgood, Misses Yvonne Yates and Wilma Kirkpatrick.

The guests will be Misses Evelyn Usher, Pat Fleming, Ann Clark, Beth Collinson, Thurley Duck, Mary Butters, Martha McLean, Helen McLean, Jeanne McLean, Lois Food, Lois Gau, Dorothy Bayne, Pat Coulter, Margot Forster, Kathryn Murphy, Shirley Anderson, Leslie Rimmer, Elizabeth Foote.

Beryl Blandy, Pat Sparks, Phyllis Wakelyn, Evelyn Slater, Joan Millay, Charlotte Wilkinson, Anna Beketov, Anne Peers, Diana Jackson, Anne Henderson.

### Mrs. Warren Smith Again Heads Esquimalt I.O.D.E.

Mrs. Warren Smith was re-turned by acclamation as regent of Esquimalt Chapter, I.O.D.E., at the chapter's annual meeting at "Craighurst," Thursday afternoon.

The new executive for 1947 is as follows: Mrs. G. A. R. Stelk, first vice-regent; Mrs. W. E. A. Barclay, second vice-regent; Mrs. C. H. Cross, secretary; Mrs. A. A. Warder, treasurer; Mrs. J. Bryant, educational secretary; Mrs. L. D. Hall, Echoes secretary, and Mrs. C. R. Robb, standard-bearer.

The chapter experienced a very successful year and all obligations were met, members were told by Mrs. Barclay, who, in the absence of Mrs. Cross, read the secretary's report. Four new members were welcomed during the year, bringing the membership up to 42.

Disbursements for the year amounted to \$1,760.04. Mrs. Warner, treasurer, told members, and receipts were \$1,954.09. Balance in 1947 was \$572.07 in comparison with the 1946 balance of \$378.02. Postwar receipts amounted to \$460.95 with disbursements at \$415.00. In 1946, balance was 57 cents, while 1947 balance amounts to \$20.02.

Mrs. A. G. Fulmer, educational secretary, reported on donations made during the year, which included \$100 to Municipal Secondary Education Fund; \$10 to the Mervin Cummings Fund; \$100 raised at a bridge party for Robin Wood; \$15 for the milk fund, and \$25 for the Victoria College bursary.

The forming of a Junior Chapter, sponsored by Esquimalt Chapter, was announced by Echoes secretary, Mrs. L. D. Hall.

### Local Council Concludes Meetings

Closing sessions of the annual meeting of the Local Council of Women were held Thursday at the Y.W.C.A.

Many interesting reports were heard including Miss Isla Tuck, economics and taxation; Mrs. E. Harper, laws for women and children, read by Mrs. A. P. Raymont; Miss J. E. M. Bruce, trades and professions for women; Dr. Marian Sherman, mental hygiene; Mrs. H. I. MacKenzie, health and welfare; and Mrs. A. J. Bryan, arts and letters.

Other reports were given by Mrs. A. J. Campbell of the United Nations Organization; Mrs. A. P. Raymont, housing and town planning; Mesdames A. Hardy, H. L. Smith, R. Kirkedale, L. Hughes, A. Williams, Walt and Miss E. Perry.

Miss Marjorie Baird, supervisor of the Victorian Order of Nurses spoke at the morning session and following her address a film "The Student Nurse" was shown. At the afternoon session, Dr. Olga Jardine was the speaker and an interesting film "Man One Family" was shown.

Mrs. Bertha presided and Mrs. Arthur Nash accompanied by Mrs. Bert Cartwright gave vocal solos.

**Conservative Women  
Hear Maj. C. Holmes**

Major Cuthbert Holmes stressed the value of women's associations when he addressed the Victoria Women's Progressive Conservative Association Thursday at MacDonald Hall. He urged members to take an interest in all affairs stressing particularly immigration, education, economics, export trade, labor and all subjects pertaining to world and national matters.

Miss Lottie Bowron was appointed representative to the United Nations' educational group and Mrs. Hubert Lethaby and Mrs. Sinclair Elliott were appointed as representatives to the federal executive.

Committee heads were appointed as follows: Mrs. D. W. Adam, finance; Mrs. C. H. Smith, social; Mrs. Waldo Skillings and Mrs. R. D. Harvey, publicity and advertising; Miss Roxana Alexander, educational; Mrs. Sinclair Elliott and Mrs. J. Stewart Williams, membership, and Mrs. Robert C. Campbell, absent and sick members.

It was announced that the Conservative Association will hold a carnival at the Crystal Garden Feb. 27.

Next meeting will be held March 13, when R. A. MacDougall, Coalition member for Point Grey, will be the speaker.

**Clubwomen's News**

Invitation Tea — Final plans were made for the invitation tea to be held by Brentwood Institute, Feb. 19, to commemorate Institute week at the Brentwood Institute meeting recently. The affair will be convened by Mrs. G. Bickford. Speaker, Mrs. Col checker, will tell members of her work in the English Institutes. A 500 card party will be held in the hall Saturday at 8:30, convened by Mrs. Arkens and Mrs. Bickford. March 1 a 300 party will be held under the sponsorship of Mrs. Callaghan and Mrs. Woodward.

**Shrove Tuesday Tea** — At the meeting of the Senior Monday Afternoon Branch of Christ Church Cathedral W.A., final plans were made for the tea to be held on Shrove Tuesday, Feb. 18, from 3 to 5, at the home of Mrs. Claude Gardiner, 1180 Faithful Street. Guests will be received by the hostess, assisted by the president, Mrs. E. H. Bird. Mrs. R. Dwyer is general convener and tea will be poured by Mrs. M. Mackenzie and Mrs. S. H. Hooper.

**the New Way  
to take VITAMINS...for better results!**

Take them in fortified food—the delicious Ovaltine way!

Of course, the whole subject of vitamins is new. We learn more about them every day. And today, millions are learning a new and better way to take their extra vitamins—a more modern, more natural way that can do more good. Discarding earlier methods of taking vitamins alone, they now take them in *fortified food!*

For latest evidence shows that vitamins do not work alone. They work most effectively in combination with certain other food elements—which are absolutely necessary for best results.

This is the reason so many people are changing to Ovaltine. A specially-fortified supplementary food-drink—it

Australians say man's people should get extra vitamins and minerals. Reasons include improper selection of food—vitamin deficiencies of many modern foods also loss of vitamin-mineral values due to shipping, storing and cooking.

# AQUELLA is Here!

**Powder That Waterproofed The Maginot Line  
Can Now Keep Your Basement Dry and White**

**MAGINOT LINE** was Aquelized over twelve years ago. Letters on file from engineers give irrefutable evidence of its effectiveness and its present state of preservation.

**AQUELLA** is a pure white flour-like powder. Mixed with water and scrubbed into the face of a concrete or brick wall, its infinitesimal particles actually penetrate the surface, then expand as they dry, sealing the surface solidly and firmly. Aquella unites with the material of the wall to form a hard, watertight substance which continues to harden with age.

Walls treated with Aquella become snowy white. The smooth egg-shell-like finish if properly applied and cured, will not powder, rub-off, blister, peel or flake. It can be left as is, or painted.

Applying Aquella is as easy as white-washing. Use it for interior or exterior surfaces of concrete, brick, cinder or concrete blocks, stucco or cement plaster. Aquella is the positive, easy way to remedy water leakage, dampness or seepage above or below ground on all porous masonry surfaces.

NAME \_\_\_\_\_

ADDRESS \_\_\_\_\_

**Tourist Group Spent  
\$20,234 Last Year**

In its efforts to attract a heavy flow of tourist traffic to the island last year — which figures show was the heaviest on record by far—the Victoria and Island Publicity Bureau spent \$20,234, it was reported at the annual meeting today.

Although the city in 1946 contributed but \$12,650, the bureau actually expended \$20,234 in tourist promotion, getting the remainder of its revenue from other sources, such as a \$500 grant from Oak Bay and \$6,673 through private subscriptions.

The bureau had a bank balance of \$3,515 at the end of January this year.

It cost \$14,039 for reconditioning the famous "Follow the Birds to Victoria" placed beside main highways in the United States, travelling expenses, car allowance, printing and cuts, contact men and services, publicity writing and folder production and other matters. Salaries and unemployment insurance amounted to \$4,870.

The number of persons calling at the bureau offices for tourist information totalled 16,763 compared to 9,606 in 1945. In 1942

**Enlarge Facilities  
Of Fire Department**

Considerable expansion of the fire department buildings and facilities may be necessary during the coming year, Ald. H. M. Diggion, chairman of the fire wardens, indicated today.

The reroofing of the main fire hall is recommended, as Fire Chief Joseph Raymond reported that the present roof leaks badly, Ald. Diggion said.

Erection of a new fire hall for the James Bay area to replace the present temporary structure, will also be recommended as soon as the Town Planning Commission has been asked to choose a site, Ald. Diggion said.

The lands committee will be asked to reserve from sale two lots immediately adjoining the Burnsides Fire Hall to take care of possible future development of the building there.

The purchase of a new car for the deputy fire chief and a new general service truck, to replace present worn-out models will be included in the 1947 estimates, he said.

The City Council will be asked to vote \$400 expenditure for entertainment of the B.C. Fire Chiefs' convention, which will meet in Victoria during June.

**Hints Plan To Dissolve  
Agricultural Association**

T. A. Cresswell, 2564 Graham Street, has asked permission to appear before Monday's City Council meeting to discuss the B.C. Agricultural Association.

Mr. Cresswell claimed that efforts are being made to dissolve the present organization, amend its by-laws, and remove the City Council appointed representatives from the executive. The annual meeting of the organization, which was originally to be held last Thursday, has been postponed a month to give executive members an opportunity to study proposed changes in the constitution.

Mr. Cresswell intimated that he would query what is to be done of the funds now in the Agricultural Association treas-

**California Tourist  
Cars Here In 1946  
A Record Of 5,231**

More holidaying Californians had Victoria on their travel routes during 1946 than in any other year, George I. Warren, publicity commissioner, reported at the annual meeting of the Victoria and Island Publicity Bureau today.

"It has always been the bureau's policy to concentrate on the California tourist market and a glance at the figure's compiled for the year shows that 5,231 vehicles from that state came to Victoria, compared to the next largest figure of 4,181 in 1941," he said.

Every state in the Union was represented in license plates displayed during the year except two. The State of Washington retained its position at the top of the list with 6,438 cars trans-

ported to the city.

The publicity commissioner pointed out that California ranks number one among the states in motor vehicle registrations. It now had 2,767,772 cars, one for every 2.5 residents, compared with the national average in the U.S. of one for every 4.1 persons. Los Angeles county alone had 1,181,446 cars; more than any of 42 individual states.

"California cars traveled 32 billion miles in 1946, topping the pre-war peak."

"These figures illustrate to good point the fertile field for prospective visitors. Southern California offers Victoria and British Columbia," Mr. Warren stressed.

**Want Supervision Of  
Slaughter Houses**

The City Health Department is studying methods of providing adequate supervision for small slaughter houses which supply meat to local butchers. Dr. J. L. Murray Anderson, medical health officer, said in his report for the last quarter of 1946, which was completed today,

He said that the check on the source of meat sold in Victoria and Esquimalt, instituted some time ago, showed that 22 butchers sell "Canada Approved," that is federally inspected, meats exclusively. There are 35 dealers obtaining all or part of their meat from local butchers.

Most of these are in and about

Victoria, with two on Salt Spring Island and one at Chemainus.

Building permits have been issued to W. Bayliss to build a 4-room house on Beechwood Avenue, costing \$4,000, and to the Y.M.C.A. to make \$1,000 renovations on its building.

Present Personnel To Form New Department

Creation of a Department of Fisheries of the B.C. Government to supersede the present office of fisheries will result in no change

Tomorrow's Sports Feature

Victoria's Crimson Tide will open its bid for the McKeachie Cup, highest provincial rugby honor tomorrow afternoon at Macdonald Park when it plays host to the Vancouver Lions in the local's first game of the series. Game-time is 2:35. Victoria line-up follows: Forwards—Gornall, Bray, Homer-Dixon, Carley, Denham, Van Druen, Mair and Williams; scrum half—R. Williams; stand off—Ranson; three-quarters—Chunganes, Cullin, Gibbs and Olsen; fullback—McKeachie. Spares—Popham, Oakley, Dalziel and Andrews.

## Barbara Scott Leads In World Skating Meet

STOCKHOLM (CP)—Barbara Ann Scott of Ottawa was leading in the women's world figure skating championship today after the two first compulsory figures. She had an unofficial 380.8 points.

Gretchen Merrill of Boston, United States contender, was second with 373.2 and was followed by Daphne Walker, Jeanett Altweig and Bridget Shifley Adams all of England.

Barbara Ann, who since last

November in Ottawa set up a

contestant skates to music

Expert's looked for Birthe Karlsson of Sweden to give Barbara Ann her stiffest competition for the ice queen's throne.

But win or lose the Ottawa girl expects to return home at the end of this month to go into another training session for retention of the biennial North American title she won at New York in 1945.

Skaters like Barbara Ann go

through a different routine from that seen in ice carnivals. They are scored on the performances—school figures and free skating. The former comprise 68 different figures, based on variations of the familiar figure "8", and they count 60 per cent in determining a champion.

Keen-eyed judges scrutinize

the "print" left on the ice by the skater's blade, and also watch the individual's posture and grace, particularly the angle at which the hips, arms and free foot are held.

The other, by far the more spectacular performance, is the five-minute freestyle in which the

tough for any athlete to live up to, attempted to repeat or even better her outstanding performance in winning the European skating championship at Davos Platz, Switzerland, last month—a triumph that established her as one of the favorites for the world title.

Canadian Legion Midgets will

open their total-point series

against the Duncan Midgets in

the preliminary game at 7. This

game will be followed by a city

junior girls' playoff between Hop

Cats and Hot Shots.

## Brentwood Aces Face Stiff Test Against Duncan; Tillicums Win

Brentwood Aces, local senior B hoop champions, will be on the spot at the High School gym tonight when they play host to the Duncan Legion in the second game of their total-point series for a playoff spot in the lower Island finals.

Ron Knott's quintette bowed over all opposition in the local league and, dropped only one playoff game during the season, but Wednesday night they journed to Duncan to meet the visitors.

Hope to stay in the running for further laurels, they will have to overcome that 23-point deficit tonight.

Canadian Legion Midgets will open their total-point series against the Duncan Midgets in the preliminary game at 7. This game will be followed by a city junior girls' playoff between Hop Cats and Hot Shots.

TILLICUMS WIN

Tillicum Athletic Club

## Vancouver Ties Up Junior Hockey Final

NEW WESTMINSTER (CP)—Vancouver White Spots put themselves back on even terms with New Westminster Cubs last night by defeating the Cubs 4 to 2 in the second game of the best of three in the Pacific Coast Junior Hockey League playoffs.

The Cubs won Wednesday night's game with the White Spots 4 to 2.

High man for the winning White Spots was sturdy Andy Balabnik who garnered one goal and two assists. However, the major share of the victory rested with Roy Worrell who played sensational in the Vancouver nets.

Other Vancouver marksmen were Ernie Dougherty, with two goals, and Denny Huddlestone with a singleton. New Westminster goals were scored by Dick Ramsden and Ed Varga.

The deciding game of the series will be played here Saturday night.

Masters Motor Co. Ltd., 608 View St., phone E314.

## Vic-High Cagers Win Over Normal

In a rough and tumble exhibition contest played at the gym yesterday afternoon, Victoria High School basketballers defeated Victoria Normal School 54 to 33.

Winners took an early 3 to 0 lead and were never headed. Normal squad were outlucked on three successive shots, enough to have given them a substantial lead to work on, but when the first quarter ended, they were behind, 11 to 3.

Gowen and McElroy put Normal back into the game early in the second session, only to see Castner and McElroy duplicate for the home squad. Gowen was outstanding being deadly on long shots. Half-time score read 23 to 14 for Vic High.

Castner and McElroy put Normal back into the game early in the second session, only to see Castner and McElroy duplicate for the home squad. Gowen was outstanding being deadly on long shots. Half-time score read 23 to 14 for Vic High.

## St. John Drive Is Far From Objective At Halfway Mark

A total of \$5,000 from Vancouver to date is the only contribution that has been made by British Columbia in the current national drive of the St. John Ambulance Association to secure \$1,000,000 to finance its large program, it was announced today from Dominion headquarters.

The campaign is scheduled to close one week tomorrow. Across the Dominion \$160,000

is the total returns in the first half of the drive.

Bad weather in many parts of the country has held up canvassing and returns.

Trade and Industry Minister Leslie H. Eyres said here today that in the tourist industry, a "great growing giant," British Columbia has an economic mainstay which is worthy of all the support that can be given it.

Addressing the annual meeting of the Victoria and Island Publicity Bureau, Mr. Eyres, responsible for the province's tourist campaigns, said B.C.'s tourist industry "can be kept alive and growing by keeping the life-blood of tourists flowing. That lifeblood consists of tourists, people, and cars, moving through the arterial highways and byways which are the arteries of this giant."

Mr. Eyres said he liked to visualize the cars and people coming to this province as a blood transfusion.

These people bring new money, new ideas, new customs and new industries," he said. "This transfusion of visiting cars with their passengers, flows easily through the main arteries to the larger centres and cities, giving new life and strength to our giant."

To keep the whole body of this B.C. tourist industry giant healthy and enjoying the benefits from this transfusion, Mr. Eyres recommended the following program.

1. Easy access at the points of entry.  
2. Good accommodation.  
3. The visitor must be made to feel wanted and welcome.  
4. Things for the tourist to do must be provided.  
5. Courtesy must be extended to visitors at all times and in all places.

## Eyres Says Tourist Industry Worthy Of Support From All

Leslie H. Eyres said here today that in the tourist industry, a "great growing giant," British Columbia has an economic mainstay which is worthy of all the support that can be given it.

Addressing the annual meeting of the Victoria and Island Publicity Bureau, Mr. Eyres, responsible for the province's tourist campaigns, said B.C.'s tourist industry "can be kept alive and growing by keeping the life-blood of tourists flowing. That lifeblood consists of tourists, people, and cars, moving through the arterial highways and byways which are the arteries of this giant."

He said there was no reason why the present tourist industry, valued at \$30,000,000 annually, could not be expanded into a \$50,000,000 a year industry.

Mr. Eyres said he liked to visualize the cars and people coming to this province as a blood transfusion.

These people bring new money, new ideas, new customs and new industries," he said. "This transfusion of visiting cars with their passengers, flows easily through the main arteries to the larger centres and cities, giving new life and strength to our giant."

To keep the whole body of this B.C. tourist industry giant healthy and enjoying the benefits from this transfusion, Mr. Eyres recommended the following program.

1. Easy access at the points of entry.  
2. Good accommodation.  
3. The visitor must be made to feel wanted and welcome.  
4. Things for the tourist to do must be provided.  
5. Courtesy must be extended to visitors at all times and in all places.

**Detention Home For Juveniles To Cost \$12,000 Asked**

The intermunicipal committee on a detention home for juvenile delinquents has written Mayor Percy George and the City Council asking that provision be made to either buy or build a suitable home, costing not more than \$12,000.

In her letter to Mayor George, Miss Rae Kirkendale, secretary, said that the committee had a home in Saanich in mind which would cost about \$12,000.

It was stressed that 30 children had been held in the city lock-up during 1946 and already this year, one girl under 15 had spent three weeks in the jail.

At the present time she said,

the municipalities and the Provincial Government are paying for

the social service to the Juvenile Court on the following basis:

Victoria, 57 per cent; Saanich, 20 per cent; Oak Bay, 10 per cent; Esquimalt, 7 per cent, and the Provincial Government, 6 per cent.

It is suggested that the

city welfare committee is constantly faced with the problem of trying to find housing accommodation for families whose living conditions are intolerable bad, or who are being evicted, and who are being evicted.

Ald. Margaret D. Christie, committee chairman, said following a meeting today,

people with children, and in all instances we had before us today they were not social assistance cases, but well able to pay rents," she explained. "They come to us as a last resort, and we have no means of helping them as we have no housing available either."

There are four families with five and six children each, in desperate need of housing at the present time who have come to the city welfare for help, she said. There is one case where the man, wife and five children have been living in two rooms.

The mother has been very ill and the doctor has stated that better living accommodation must be found immediately.

In another instance there is a man, wife and two children living in one small room.

However, Mr. Salkow, who has recently returned to pictures after serving with the U.S. Marine Corps, is convinced he will have no difficulty in finding the other three settings for the outside scenes of the picture.

He wants a setting which will serve for a reproduction of the Chilkoot Trail, a glacier background and a mountainous valley, and he thinks he can find them all in B.C., perhaps on Vancouver Island. He is quite sure he will use the Forbidden Plateau as the background for part of the picture. Eighty percent of the film will have outdoor scenes.

Outdoor filming of the picture will take 120 days and will begin in B.C. in April. The leading stars will come here in June for the last 60 days of filming. Three stars already chosen are Charles Coburn, Peter Lorre and Oscar Homolka.

Mr. Salkow visited Rear-Adm. E. R. Maingay today to see if arrangements can be made to borrow naval personnel for crowd scenes.

**Liberals Seeking Action On Otter Point Road**

Executive of the Sooke Liberal Association has decided to make representations to C. T. Beard, Coalition member for Esquimalt, to have him secure action for improvement of the Otter Point Road.

The executive, at a meeting Thursday night, described the present condition of the road as deplorable.

General meeting of the Sooke Liberal Association will be held March 4.

Building permits have been issued to G. Rhodes to build a four-room house at 311 Huntington Place costing \$5,500; and to G. W. Hatch to build a four-room house at 2882 Gosworth Road, \$5,500.

Signings of a contract between the Police Commission and the city police union was set for this afternoon following a meeting of the two parties Thursday at which agreement was reached on all clauses.

**'The Razor's Edge' Coming To Royal**

Even John L. Lewis couldn't ask for better working conditions or pay than exist in the Hollywood coal mines. The mines were back in partial production when Twentieth Century-Fox found it necessary to dig half a ton of coal for W. Somerset Maugham's "The Razor's Edge," opening Monday at the Royal Theatre. The studio, which owns one coal mine left over from "How Green Was My Valley," started to dig a second one for the W. Somerset Maugham story.

Pay at the Zanuck Coal Mining Company ranged from \$5 to \$8,000 a day on the portal-to-portal basis set forth by Lewis. Zanuck, who never had had a coal strike in all the years he has been running the mine, gave the workers time off for rest. It took Tyrone Power together with 200 miners three days to dig a half ton of coal at a cost of \$72,000.

**ATLAS THEATRE**

Hailed as one of the more unique melodramas of the year, International Pictures' "The Stranger" stars Edward G. Robinson, Loretta Young and Orson Welles, at the Atlas Theatre. The unusual plot deals with the discovery of an elusive criminal in a sleepy New England village. Its stirring climax revolves around the psychological pressure put on the criminal's bride to induce her to betray him to the law. Philip Merivale, Richard Long, Byron Keith, Konstantin Shayne and Billy House head the featured cast of the S. P. Eagle production.

**NOW SHOWING**  
**The Southerner**  
A Jean Renoir Production  
Starring ZACHARY SCOTT \* BETTY FIELD  
ON THE SAME PROGRAM  
CHARLES STARRETT \* SWEET BURNETTE  
"IT'S STRANGE!"

**OAK BAY - PLAZA THEATRES**  
After extended dramatic training another Howard Hughes discovery is making her cinematic debut under the aegis of Producer Hunt Stromberg. She is Faith Domergue.

The casting of this pulchritudinous drama, "Young Widow," now showing at the Oak Bay and Plaza Theatres is the second instance of the close co-operation of Howard Hughes and Stromberg. Jane Russell, another Hughes discovery, was signed for the starring role opposite Louis Hayward in the same film.

**ROYAL THEATRE**  
Underground activities, aimed at plans for a third World War, provide the background for thrilling action and poignant romance in RKO Radio's melodramatic "Notorious," now at the Royal Theatre, co-starring Cary Grant and Ingrid Bergman.

Produced and directed by Alfred Hitchcock, famous for his handling of dramatic suspense the picture presents Grant as a secret service man who enlists the aid of Miss Bergman on a confidential mission following her father's conviction as a German spy.

**RIO THEATRE**  
"The Southerner," Jean Renoir's drama, starring Zachary Scott and Betty Field is adapted from George Sessions Perry's prize-winning novel, "Hold Autumn In Your Hand." It is the story of a sturdy young migratory cotton picker whose love of the land gives him the courage to forsake this doubtful security for the bitter battle with nature that is the lot of the man who raises his own crops.

**CAPITOL THEATRE**

A tip for the quick pick-me-up for the working girl who has but five minutes for a facial comes from Pat Kirkwood, English star making her debut with Van Johnson in "No Leave, No Love," now showing at the Capitol Theatre. Pat puts cologne or toilet water in her ice cube tray water and then uses the fragrant cubes to pat on her face and neck before going out in the evening.

**PARADE of the BANDS**

**Where To Go Tonight**

ATLAS—"The Stranger," starring Edward G. Robinson.

CAPITOL—"No Leave, No Love," starring Van Johnson and Keenan Wynn.

DOMINION—"Wallace Beery" in "The Mighty McGurk."

OAK BAY, PLAZA—"Young Widow," starring Jane Russell and Louis Hayward.

RIO—"The Southerner," starring Zachary Scott and Betty Field.

ROYAL—"Cary Grant and Ingrid Bergman in "Notorious."

YORK — Rita Hayworth in "Tonight and Every Night."

ATLAS THEATRE

Hailed as one of the more unique melodramas of the year, International Pictures' "The Stranger" stars Edward G. Robinson, Loretta Young and Orson Welles, at the Atlas Theatre.

The unusual plot deals with the discovery of an elusive criminal in a sleepy New England village.

Its stirring climax revolves around the psychological pressure put on the criminal's bride to induce her to betray him to the law.

Philip Merivale, Richard Long, Byron Keith, Konstantin Shayne and Billy House head the featured cast of the S. P. Eagle production.

**YORK THEATRE**

Rita Hayworth clocked off her first thousand miles as a motion picture dancing star while rehearsing with Marc Platt for a dance routine in Columbia Pictures' Technicolor, dramatic musical, "Tonight and Every Night," currently starring Miss Hayworth, Janet Blair and Lee Bowman at the York Theatre.

It appears that Rita has been a pedometer-packing dancer ever since, some four pictures back, her career turned to the dancing leads for which she was fitted by her Dancing Cansinos inheritance.

At the present time he pointed out Victoria lacks up to date and fully equipped technical shops and laboratories. The building of a technical-vocational unit as an additional annex to Victoria High School is included in the school-building program at an estimated cost of \$150,000.

**OAK BAY - PLAZA THEATRES**

After extended dramatic training another Howard Hughes discovery is making her cinematic debut under the aegis of Producer Hunt Stromberg. She is Faith Domergue.

The casting of this pulchritudinous drama, "Young Widow," now showing at the Oak Bay and Plaza Theatres is the second instance of the close co-operation of Howard Hughes and Stromberg. Jane Russell, another Hughes discovery, was signed for the starring role opposite Louis Hayward in the same film.

**YORK THEATRE**

Underground activities, aimed at plans for a third World War, provide the background for thrilling action and poignant romance in RKO Radio's melodramatic "Notorious," now at the Royal Theatre, co-starring Cary Grant and Ingrid Bergman.

Produced and directed by Alfred Hitchcock, famous for his handling of dramatic suspense the picture presents Grant as a secret service man who enlists the aid of Miss Bergman on a confidential mission following her father's conviction as a German spy.

**RIO THEATRE**

"The Southerner," Jean Renoir's drama, starring Zachary Scott and Betty Field is adapted from George Sessions Perry's prize-winning novel, "Hold Autumn In Your Hand."

It is the story of a sturdy young migratory cotton picker whose love of the land gives him the courage to forsake this doubtful security for the bitter battle with nature that is the lot of the man who raises his own crops.

**CAPITOL THEATRE**

A tip for the quick pick-me-up for the working girl who has but five minutes for a facial comes from Pat Kirkwood, English star making her debut with Van Johnson in "No Leave, No Love," now showing at the Capitol Theatre.

Pat puts cologne or toilet water in her ice cube tray water and then uses the fragrant cubes to pat on her face and neck before going out in the evening.

STUDEBAKER - HILLMAN - HUDDON  
PHONE G 1161 740 BROUGHTON ST.**Pivots, Led By Motors, In Retreat**

NEW YORK (AP)—A handful of stocks recovered in today's market while many pivots, led by motors, extended the retreat.

Encouraging to the bulls was the fact that dealings were among the slowest of the last several weeks. Limping tendencies persisted at the start. Declines mostly were in fractions although there were a few drops of two to three points. While there was a smattering of gains near the close, recessions were widespread.

Fractional losses marked Canadian issues at midday. Dome Mines lost 1%, McIntyre was off 1% and Hiram Walker dropped 1%.

Dow Jones closing averages:  
20 industrials 181.64, off .54  
20 rails 51.88, off .20  
15 utilities 37.20, up .05  
65 stocks 65.90, off .29  
Total sales, 940,000.

**Grain**

WINNIPEG (CP)—Rye futures today reflected gains at Chicago and May and July fair seasonal highs. There was fair buying in the October and July on light offerings.

At the close prices were 2% to 4% higher with May \$2.85, July

\$2.85, and Oct. \$2.10%.

United Kingdom took 400,000 bushels of wheat.

**Western Oils In Higher Bracket**

TORONTO (CP)—Western oils at higher prices were the lone bright spot today as prices generally receded in dull and listless trading.

Papers were weak in industrial trials with losses ranging from fractions to more than a point for great lakes common. Constructions' and liquors held for fraction gains. Imperial Oil and International Petroleum gained fractions.

Losses were numerous in mining issues. In the senior golds Hallinan and Macassa were the only two gainers and in base metals, Sherritt advanced a few points but most others receded. Secondary golds losses predominated within a minor range.

Toronto closing index:

20 industrials 183.83, up .72

20 golds 112.80, off .29

10 base metals 93.97, off .35

15 western oils 27.68, up .93

Total sales, 1,550,000.
